LIMITED PAYMENT LIFE POLICY.

By the terms of this contract the amount of the insurance is payable upon the death of the insured, and the premiums are payable during a limited number of years—twenty, fifteen or ten years.

The Limited Payment Life Policy is in many respects and for a large class of insurers a most desirable contract, providing as it does that the premiums shall all be paid in the early and productive years of life, thus the policy becomes fully paid-up for the whole amount in a fixed number of years. Dividends are payable annually, or at the and of 5, 10, 15 or 20 years.

40W MUCH WILL IT COST?

Between the ages of 25 and \$1 years, inclusive, six to seven cents a day will be the "first cost" of \$1000 good life insurance. Between the ages of 32 and 52 years, seven to fifteen cents a day. Between the ages of 53 and 65 years, sixteen to twenty-nine cents

Is there any healthy man or winnan in America at work for wages who can not afford this "first cost" of a good \$1000 policy in the best and strongest company an earth?

A little self-denial in small things-pleasant things, perhaps, but unnecessary things-will pay the bill easily.

Koomoa, former captain of po-lice, is preferable, since he has shown much more attention to his work than either of the other candidates. If not appointed now, his friends think it is pretty certain that Koomoa will be chosen for the post at the coming elec-
